Your partner for hands-on
surgical training

RealLab

RealLab caters to all dimensions of spine surgery education. Engage in hands-on training spaces, participate in discussions in our conference room, and recharge at our refreshment area – we've got you covered.

3 complete workstations for minimal invasive spine surgery:

- Microscope ZEISS S88
- Surgical Drill
- Suction
- Instruments for microdecompression procedures
- Radiation-free X-ray simulation for surgical training (Reallmaging)

Is more than a space; it's your home for spine surgery training. Our team take care of all the technical, logistical, and educational aspects, so you and your team can focus on what you do best- learning and improving your surgical skills.

In collaboration with the Leipzig University of Applied Sciences

Explore **Leipzig** with our state-of-the-art training facility as your starting point. After your training session, embrace the city's diverse cultural offerings at your own leisure.
